Love 101: Infatuation Education

Amanda Rogers

It is a simple Science,
A light refraction revealing an expansive universe,
Or the strands of hair
That fall into your face.
Or it's a Mathematical equation,
Two plus two equals four,
Whereas the two of us together are far greater
Than our relative sums.
It is basic English,
An expression or conveyance,
Words from your lips.
To mine.
A Historical reverence,
A chronology,
Allusions to the fabric of human time—
That we wrap ourselves in,
Lying immersed in one another.
