## THEY

*Sara Ann Schaub*

into a glaring corner    THEY    have painted us  
 no more a maine or a lusitania to remember  
 seven of december                    but for fleetingly  
 seven days in                            may they may  
     though fail safe  
     catapult  
 no arch anarch upstart would what at sarajevo was completed  
 after                                    four                    vermilion                    years  
 no victor no defeated                    but for fleetingly  
 some one night and/or                    day            THEY    may  
     arc hemispheres  
 THEY are    are THEY    disciplining  
 and/or winning one titanic struggle over  
 us obtuseangledintoacorner            cufflinked  
 muttering multiplied utterings    amicably    and/or    otherwise  
 and yet although in god we trust  
 we must adjust    we must we must  
 and/or  
 wait until the paint dries
