Untitled

follow me along with my delusions
chase me along with my shadows
trace my whispered dreams
and trap the echoes of my sobs

It's so refreshing to hold your hand
so cold and fragile
compassionate but restrained
the subtle warmth you leave behind
dissipates softly like your voice
and I cherish every second

I long to touch what cannot be felt
but only by the most pained
heart and soul

do you keep me near
to quell the pain
or to remind
to cherish a life
distant, unlived
for fragmented illusions
related but broken
or just to say
this is me but
not really in
an intimate
sort of way
