Travel

Syd Corpora

And as the
Earth wastes away
Glutted with people
Spoiled by travel
And free will
That refuse to change
For the sake of everyone
And with free will
Search for a ride
Away from rot, on hover-crafts
Quit the earth instead
Just think of
Planes, cars, buses
Buses and boats beep
Rockets and ships beep
Same sound- let's
Let ourselves get caught in the visit
What are humans? The
Gods of false science?
Our bones the only museum
Our guilty hands the
Only proof of the ride
Do we know where the ride will
Bring us? To take
From the stars just
Like we exhausted the earth in moments
When do we learn to say "no"
Lost in human traffic
Pushed by human want
The urge to
Run, travel
The instinct to
Trust Outerspace
Trust the stars, visit
The beyond the
Home of the new
The home of clean air
Clean air and
a distance, a space
Between us and the museum
The rot we left on
Earth in hope of the
Virgin soil of the moon.
