SAiD

Do you hear voices in your head?
And I don't mean insanity
There was just something they said
That rattled around my mind

And It gives me headaches all the time
I can't give you a reason or a rhyme
It's was just some profanity
Something about vanity
Or a fantasy I can't see
But to me
There was just something they said
That left me lingering in my bed
and I won't remember if I end up dead
So please tell me what is it that they said
